Endowment Fund Spotlight

Coretta and Stephen Wolford Family Educational Opportunities Fund

When Stephen Wolford and his wife Coretta reflect on their life together, they reaffirm that The Cabbage Patch is exactly the right place for them to have established a named fund. “There are a lot of organizations that are very worthy of investment,” says Stephen. “But The Patch really does an incredible job with educational pursuits. The Patch offers a real opportunity for at-risk children to find a path out of poverty – and it’s important for us to be part of that solution.”

Coretta and Stephen’s generosity led them to think about experiences that really made a difference in their lives; experiences that a child living in poverty would not have. They have fond memories of traveling abroad, and it occurred to them that many of the children served by The Cabbage Patch rarely leave their neighborhoods. “They think that is the world,” says Stephen. “It’s not the world! If their first time leaving home is when they go to college, it’s going to be hard. If they can travel in advance, they develop independence and can acclimate more quickly.” With this in mind, they designated their fund for education, with a focus on travel.

In 2018, six Cabbage Patch members were selected to participate in a trip to Canada as part of the new Global Civic Engagement program. They encountered French language and culture, learned about indigenous people, and toured Niagara Falls. What a gift for them to experience this life-changing trip supported by the Wolford Family Fund!

You too can start a named fund now or through your estate plan/will. Many people like to leave a gift to charity because they care about causes that are important in their lives. Are there any causes you would support this way?

Contact Jennifer Scott at 753-4446 or jscott@cabbagepatch.org to talk about how to establish a named fund now or through your estate.

Establish a named fund...make a profound difference!

The Cabbage Patch’s endowment funds are an extremely important income source. Since we do not receive government funding and are not a Metro United Way member agency, we must raise sufficient funds annually to provide life-changing programs for at-risk children and their families.

Building Preservation Endowment Funds

Environment shapes behavior. Clean, attractive and well maintained facilities send a message to those we serve that they are valued and are deserving of good things in their lives. It also sets an example we hope will be emulated in their homes.

- **Louis O. Giesel, Sr.:** Established in 2013 by his family in loving memory of Louis O. Giesel, Sr., who grew up in the Magnolia Street neighborhood and was a Sunday School pupil of our founder, Miss Louise Marshall. This fund was given to help ensure that future generations of children and families will have a place that always welcomes them and gives them a place to explore their potential.
- **Spencer Harper, Jr. Memorial:** Established in 2017 in loving memory of Spencer Harper, Jr. by his wife, Carol Sharpe Harper. The Harper's legacy perpetuates the safe haven of The Patch, where children can learn and discover who God created them to become. As a home away from home for at-risk youth, The Patch is a place that inspires pride. Children learn to care for their environment thanks to the Harper's generosity.

Overall Mission Support Endowment Funds

Cabbage Patch programs are based on meaningful relationships which instill Christian values and behaviors while enhancing self-esteem, teaching personal responsibility and expanding horizons. Our goal is to help those we serve find long term solutions that break the cycle of poverty.

- **Crady Family:** Established in 2019 by Rob & Holly Crady with the firm conviction that every child deserves an opportunity to reach their greatest potential. It is their belief that the broad range of programs available at The Patch prepares children to be well prepared for life's challenges and opportunities. Having been a part of The Cabbage Patch for over 10 years, the Crady's have seen the difference made in so many young lives and have been inspired. They see this fund as a way to continue to make an impact.
- **Caroline Taylor Davis Memorial:** Established in 2019 in Caroline's memory through gifts made by her friends and family members. The fund will help support The Cabbage Patch's after school programs and summer camp opportunities for the inner-city children and families served by The Patch.

Her six children have continued this tradition by establishing this endowment in her name.
- New! • **William G. Duncan, Junior Memorial:** Because Bill's "happy place" was his family's woodland cabin, his family and friends established this fund in 2019 to help children broaden their horizons. Through this fund, Bill's legacy as a champion for children continues in perpetuity.
- New! • **Friends of The Patch:** Established in 2019 by special friends of The Cabbage Patch in the hope that other Cabbage Patch friends will contribute to this fund. The Cabbage Patch levels the playing field.

- **Theodore "Ted" Merhoff Memorial:** Established in 2015 by the V.V. Cooke Foundation in memory of Ted Merhoff and his enduring love for the children of The Cabbage Patch. For years, Thames served as Secretary for The Cabbage Patch Board and shared her love of handwork by teaching sewing skills to girls at The Cabbage Patch.

- **John S. Rankin**: Established in 2013 in loving memory of John S. Rankin by his family. John was a long-time supporter and believed in the life-changing work of The Patch. He had a strong and steady faith and believed a key part of being a faithful disciple was caring for “the least of these.”
