## A GIFT THAT KEEPS ON GIVING

### Edgar and Doris Ritchie Fund

Volunteering with The Cabbage Patch is baked into Gail Henson's DNA. Her mother, Doris, began volunteering in the early 1940s. She followed in her mother's footsteps in the 1960s and her daughter, Elizabeth, followed her example in the 1990s.

Gail strengthened her connection with The Patch by serving on the Board of Directors. "It was a privilege to serve as a member of the board in the 1990s, and that deepened my love for its mission."

For almost 50 years, Gail taught communications at Bellarmine University and the University of Louisville. She found ways to intermingle her career as a communicator and her passion for The Patch, writing entries on The Cabbage Patch for "The Encyclopedia of Louisville" and "The Kentucky Encyclopedia."

The Edgar and Doris Ritchie fund was established in 2016 to honor the legacy of Gail's parents. The fund supports the overall mission of The Patch, providing ongoing income that sustains our transformational work with children and families. It is a fitting tribute to her parents, according to Gail. "This fund was a special and lasting way to honor our parents' belief that faith and action come together through service," she said.

"The mission, programs, the transformations in the lives of children and families, plus the faith-centered values continue to inspire," Gail shared. "Starting a named fund has been a way for me to make a lasting impact on the work and mission of The Patch while honoring my parents."

### Establish a named fund...make a profound difference!

The Cabbage Patch's endowment funds are an extremely important income source. Since we do not receive government funding and are not a Metro United Way member agency, we must raise sufficient funds annually to provide life-changing programs for children and their families.

## Building Preservation Endowment Funds

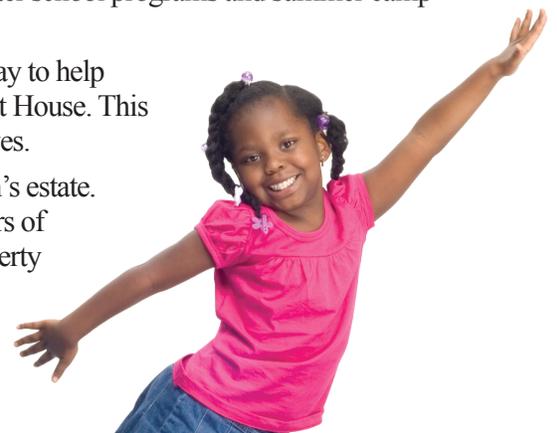

Environment shapes behavior. Clean, attractive, and well-maintained facilities send a message to those we serve that they are valued and are deserving of good things in their lives. It also sets an example we hope will be emulated in their homes.

- **Louis O. Giesel, Sr.**: Established in 2013 by his family in loving memory of Louis O. Giesel, Sr., who grew up in the Magnolia Street neighborhood and was a Sunday School pupil of our founder, Miss Louise Marshall. This fund was given to help ensure that future generations of children and families will have a place that always welcomes them and gives them a place to explore their potential.
- **Spencer Harper, Jr. Memorial**: Established in 2017 in loving memory of Spencer Harper, Jr. by his wife, Carol Sharpe Harper. The Harper's legacy perpetuates the safe haven of The Patch, where children can learn and discover who God created them to become. As a home away from home for at-risk youth, The Patch is a place that inspires pride. Children learn to care for their environment thanks to the Harper's generosity.
- **Snyder Family**: Established in 2020 by Chip and Susan Snyder. If these walls could talk... we would hear laughter, a few tears, and always Miss Marshall reminding us to share God's love in all that we do. The Snyder's will ensure that the stories yet to be told will flourish in this safe haven for generations. The heart of The Patch is the people, and the building is the sanctuary that protects the love within.

## Overall Mission Support Endowment Funds

Cabbage Patch programs are based on meaningful relationships which instill Christian values and behaviors while enhancing self-esteem, teaching personal responsibility, and expanding horizons. Our goal is to help those we serve find long-term solutions that break the cycle of poverty.

Barbara believed that all children are beloved children of God and are full of potential and promise.
